

Introducing Big Prints from Canyon Creek

Showroom or office walls looking a little drab? Add some color with Canyon Creek's new Big Prints!

Big Prints are 24" wide x 18" tall and are mounted on rigid 1/4" thick foamcore with a pre-installed mounting system. Each print will feature the Canyon Creek logo in the lower right corner, with the option of having the door style, wood species and cabinetry line in the lower left.

To order Big Prints, visit the Photo Gallery or CC Business areas of www.canyoncreek.com, and choose the "Big Prints Order" link. Fill out the short form provided, and be sure to indicate if you would like the door style and cabinetry line included on the print.

Photo selection will be limited by file size and geographic region (as a courtesy to the dealer that provided the photo opportunity). We will suggest alternate images in both cases.

Big Prints are \$75 net each plus applicable sales tax. Please allow three weeks for delivery. Prints are not eligible for co-op reimbursement.
