HG Acrylics and Foils pair well with wood features, metal doors and aluminum base structures. From glossy solid colors to an option with subtle grey striations, there's a style for any design—visit our website to see all of the doors and colors available.

HG Acrylics and Foils are relatively easy to care for. Spills and spatters should be wiped promptly with a soft, damp cloth. Cleaning should be done with highly diluted (1:100) dish soap and water. Avoid abrasive cleaners or cleansers with ammonia, as they will cause permanent damage to the surface.

HG Acrylics and Foils are offered in our Millennia frameless line.
