

Your Vision, Your Color, Your Choice

Paint Options for
Cornerstone and Millennia
from Canyon Creek

Paint Three Ways:

CANYON CREEK
Cabinet Company

Pick Your Paint

Select from over 5,000 colors within the Benjamin Moore®, Sherwin-Williams® or Farrow & Ball® paint color offering. Simply let us know the color SKU number and name—no chip needed.

Pick Your Paint

1] SELECT YOUR COLOR from one of three major brands: Benjamin Moore, Sherwin-Williams or Farrow & Ball.

2] ORDER & REVIEW A SAMPLE with the brand, SKU# and name of your color selection.

3] PLACE YOUR ORDER using the sample order number, which acts as your approval of the paint color.

Custom Color Match

Have a favorite shirt, kitchen dish or another color idea for your cabinet project? We can match it. Simply send us a sample of the color—we'll scan it and produce a sample that matches your vision.

Custom Color Match

1] SEND US A PHYSICAL SAMPLE of your custom color and a completed, signed sample request form.

2] REVIEW YOUR SAMPLE in your home to ensure the color is what you expect.

3] PLACE YOUR ORDER including the sample order number, which acts as your approval of the paint color.

Curated Paint Collection

Our Curated Paint Collection features the most popular paints we produce—including six shades of white! These are standard colors in our offering, so you can simply pick your favorite from your designer's CC samples.

Curated Paint Collection

1] SELECT YOUR COLOR from our Curated Paints Collection (see the Styles & Finish section of www.canyoncreek.com).

2] PLACE YOUR ORDER with your specified paint color from the standard paint selection.

What To Expect When Ordering Paint

Applicable cabinet lines

Millennia	All Programs
Cornerstone	All Programs
Katana	Curated Paints only

Color Request Process and Samples

Pick Your Paint:

- Complete a DOS/DFOS sample form with your brand, SKU number and color name (do not send a color chip)
- Receive, review and approve your sample
- Place your project order with the Sample Order Number (including this number confirms your acceptance of the color)

Custom Color Match (applies to stains also):

- Complete a Custom Color Match request form and submit with your sample (min 6"x6", max 24"x24") and signature approving program fees
- Receive, review and approve your sample
- Place your project order with the Sample Order Number (including this number confirms your acceptance of the color)

Curated Paint Collection:

- Samples are highly recommended prior to placing your order to confirm your selection
- When ready, simply place your project order with your selected curated paint color choice

Lead Times

- Door and drawer front sample lead times are 10 days for Pick Your Paint or Customer Color Match programs (quantities of 2 or less)
- Standard lead times apply once your project order has been submitted

Expiration Dates

Samples are valid for 6 months from the date on the back of your door or drawer front. This is due to the fact colors change over time with exposure to sunlight and other elements. We recommend ordering a new sample in the event your decision process progresses past this timeframe.

Color Accuracy

- CC will do everything within its capabilities to meet your color request, but there may be certain colors that CC is unable to match. In this scenario, CC will present the customer with an explanation of the challenge and/or the best possible match so the customer can decide whether to accept or reject. *Sorry, we cannot produce high gloss or metallics.*
- For Pick Your Paint, if you selected a third-party color based on a color chip, please note how old your color chip may be. You can see variation due to the aging and exposure to light of the actual color chip you are using for comparison. It is not considered a defect. Colors should never be compared to a digital representation due to the variation in screens.
- Keep in mind that third-party brands do discontinue colors, so it is worth checking the brand's web site as a reference of whether the color continues to be offered. If not, CC can utilize the color chip to create a Custom Color Match.

Pricing Guidelines

Pick Your Paint and Custom Color Matches are premium service programs. Please see your dealer for details regarding sample pricing.
